WHY ALL BUSINESS TEACHERS ON LONG ISLAND SHOULD ATTEND:

It's not what you know, but who you know. Meet people and share stories and experiences that only true business teachers understand!

Support. Find out ways you can support your programs in this time of academic focus, but financial restraints. And.... learn more ways to justify why your program is helping the academic subjects.

Information, information, information. Keep current with legislation that directly impacts the business and marketing education programs. It's better to know about it before it happens!

Ideas. Share your ideas and receive ideas in return with fellow colleagues. Find out the new courses that are being offered. Find out about the new programs being introduced. You won't be disappointed!

Numbers. No, we are not referring to enrollment numbers here. We are referring to strength in numbers. The more of us there are, the more we can do to make sure the business and marketing education programs thrive!
