# Magazine Cover Design Contest

**F**or this contest, your goal will be to design a magazine cover. The following guidelines should help you out:

1. This contest will end on Monday, November 5.  
-
2. Page should be 8.5" by 11".  
-
3. The magazine does not have to be real, and it can be about any topic that you want.  
-
4. Try to make the magazine cover look realistic. Most magazines contain a title, some graphics, some text such as issue number, address label, etc.  
-
5. While many have diverse magazine tastes, **for this contest**, keep the content **appropriate** for the audience. Refrain from using offensive, sexual, political, controversial, or inflammatory topics in your magazine cover.  
-
6. Your magazine title must be unique. You cannot use the name of an existing magazine in your design.  
-

**Prizes: To be announced.**

## Judging

**E**ntries will be judged on whatever criteria the judges decide to use. Overall, you should expect the quality of the finished piece and how well it resembles a magazine cover to factor heavily in the judging.

**I**nformation on the judges will be provided as the deadline approaches.
