Business Law

From the classroom of Roseann Damato

Here's a project I'm using in my Business law class during my unit on Torts.

I. Students are assigned a particular tort from the following list:

- ❖ Nuisance
- ❖ Invasion of privacy
- ❖ Conversion
- ❖ Emotional Distress
- ❖ False Imprisonment
- ❖ Assault and Battery
- ❖ Trespass
- ❖ Contract Interference
- ❖ Defamation
- ❖ Misuse of legal procedure
- ❖ Any unintentional tort

II. Students should be paired as you choose.

III. Provide ample computer time to complete their project.

IV. Students will be asked to present using posters, PowerPoint, and/or props.
